Meeting called to order

Painted Woods HOA

- Dustin was here (President of HOA) wondering if PWGC would be willing to mow the vacant lot

Grounds Committee:

- Tony reviewed the status of the grounds and a list of concerns he sees.
- A lot of the concerns go away if we get an experienced crew, but the odds of that are small
- If we are selected for H2B visas, it would be a minimum of 3 weeks from that time until people get here. So realistically, it would be 5 or 6 weeks from now before we got help.
- Will try to hire 3 people full time for mowing and one person to lead the group and train them.
- Think we should start a discussion with the City of Washburn to see if we could get an employee who would run the golf course during the summer and then do miscellaneous work for the city the remainder of the year.

Meeting Adjourned.
